Halite jacket is designed to provide you with warmth and comfort throughout the workday. With a warm, fixed lining made from a robust, durable material with a water-repellent surface, this jacket is ideal for any challenge in the work environment. The bright fluorescent color and reflective stripes ensure optimal visibility, so you are always noticed, even in poor light conditions. The jacket features a removable hood with adjustment options that offers solid protection against the elements. The collar is lined with comfortable fleece material. The sleeves have thumb-hole cuffs and Velcro adjustments around the wrists. On the chest, there are several practical pockets with flaps, a visible business card pocket, and a D-ring for key or tool storage. There is also a large inner pocket on the left side with a name label. Two side pockets are lined with fleece material. The elastic and adjustable drawstring at the hip allows for individual fitting. A lightweight and warm visibility jacket with good mobility that makes your workday more comfortable.
