Husky Shell Jacket is made of a waterproof and breathable material. Reflective bands on the upper arms have both design and practical effects. Wrist warmers with thumb holes and velcro adjustment around the wrists. Zippered hand pockets and a chest pocket. Several adjustment options on the hood, in addition to a brim, provide excellent protection against weather elements. Elastic adjustment around the waist area ensures a snug fit.

Technical description: Outer fabric: 100% Polyester, Lining: 100% Polyester, Sleeves: 85% Polyester, 15% Elastane, TPU lamination. WP: 20 000 mm, MVT: 8000 g/m²/24h.

Close zippers and buttons before washing the garment in the machine at 40 degrees. Do not iron, tumble dry, dry clean, or bleach. To restore the waterproofing, ironing the garment on the inside is recommended.
