Bismuth Roof FR is made from a 4-way stretch material for optimal mobility and comfort. The trousers feature a waistband with belt loops. They have durable front and back pockets for storing a knife, tape measure, and other essential equipment. External knee pockets make it easy to remove or insert knee pads as needed. The trousers are reinforced with heavy-duty woven nylon on the knees and around the ankles for maximum durability. The pockets are lined with strong nylon to withstand sharp or pointed objects. The material beneath the knees is made from a heavy, flame-retardant fabric. 7cm-wide zebra reflective stripes on the HiVis material enhance visibility.

Technical description: Main material: 90% Nylon, 10% Elastane
Contrast: 75% Cotton, 24% Polyester, 1% Antistatic Carbon Fiber. All zippers are SBS quality. Standard: EN ISO 20471:2013+A1:2016.

20471
CL. 1

Close zippers and buttons before washing the garment in the machine at 40 degrees. Do not iron, tumble dry, dry clean, or bleach. The effect of the reflective stripes gets reduced after multiple washes. Avoid using fabric softener.
